# Early Education Providers in Swindon...

Early Education in Swindon is offered in the following settings and by accredited childminders. Places fill up quickly, so it is advisable to contact your chosen providers no later than when your child is approaching two years old. Please note that attending a maintained nursery class at a school does not guarantee your child a place at that particular school. Admission to primary school is not dependant upon where your child accesses early education.

For more details of accredited childminders please contact the Family Information Service on 445500

For more details on school admissions please contact the Family Information Service on 445500
