## Reception Class

### DEAR PARENTS AND CARERS

We have provided a pack of homework for the children to complete over the half term.

Completing the homework daily will help the children to practice the new skills they have learnt over term 5

*We have noticed that a large proportion of children are not bringing their PE kits back. Our class challenge will be to have the whole class in PE kits for Term 6.*

The children will be exploring "Under the Sea" over Summer Term. Please help them learn some interesting things about the topic by: Reading stories, watching a blue planet episode together and talking about what interests them.

**Our Thanks, Reception Teaching Team.**

### PARENTS VOICE

Technology letters are outstanding. By completing these we will be able to provide more links into technology that will support the children's learning.

**Summer Term will hopefully bring some great weather. This will mean we will do more learning activities outside. Help us protect your children from the sun by bringing: sunscreen, hats, changes of clothes and a refillable water bottle.**

### PARENTS VOICE

Proud Clouds have been sent home for the half term. The children are really enjoying seeing their success on display. Please help us to continue the display after half term by completing a cloud to share with the class on their return. This could be anything from eating all their dinner, to jumping in a muddy puddle.
