

Year 5/6 Newsletter

This term our value is:
Thoughtfulness

Dear Parents/ Carers,

This term our topic is based on the question "What lies beneath?"

We will be focusing our investigation on plastic pollution in the oceans and the impact of this on the environment. The children will be investigating ways of reducing the pollution as well as persuasive campaigns to encourage the population to reduce the amount of plastic that they throw away.

In history we will be looking at a monarch a week and discussing their impact on the country. Children will get the chance to vote on the monarch who affected the country the most, and who was the most gruesome!

In science, Year 5 will be looking at animals including humans and Year 6 will be studying inheritance and evolution. Both of these lead into the SRE lessons that will take place during the term. Further details will be sent out nearer the time.

Children will continue to have daily maths and English lessons.

If you have any questions about this term's work, please ask your child's teacher.

Thank you for your continued support,

Mrs Hall, Mrs Dyer and Mrs Maher

Homework

Please make sure you return homework books each Friday. Children will have a range of activities from spellings, times tables and grammar.

Please make sure that they read with somebody at least 3 times a week. Thank you.

PE Provision

All pupils will require PE kits in school during the week.

Each class will have 2 hours of PE.

Children are reminded that the requirements are a white t-shirt, black shorts or leggings and a pair of trainers or daps.
